QUALITY, HEALTH, SAFETY & ENVIRONMENT POLICY

ADANI TOTAL GAS LIMITED (ATGL) is engaged in providing energy solution to the nation with efficient, environment friendly, safe & cost-effective fuel.

"Safety first in everything we do at ATGL" is an integral part of ATGL culture. Safety is not just a priority but is a pre-condition of employment at ATGL.

Our Quality, Health, Safety & Environment Policy is applicable to ATGL entire operations/ Employees as well as contractors and individuals under the company supervision.

ATGL firmly believes that all types of injuries, illness & HSE incidents are preventable.

ATGL is committed to ensure continuity of natural gas supply & reliability of services to the customers and also committed to demonstrate continual improvement in our Quality,

Quality, Health, Safety & Environmental (QHSE) management performance by:

- Ensuring safe & healthy places to work by identifying, assessing, and reducing QHSE risks to as low as reasonably practicable (ALARP) by applying hierarchy of controls.
- Ensuring systematic prioritization of occupational health and safety risks and establishes comprehensive action plans to address them, monitor progress, and drive continuous improvement in OHS performance.
- Assessing QHSE needs & expectations of Interested Parties and satisfying them with continual improvement effort.
- Adopting and implementing the best available technology and systems from design to the delivery of gas to customers and accessing risk from life cycle perspective.
- Integrating QHSE aspects in all our business processes.
- Pro-actively complying with all applicable legislation & other requirements.
- Continuously improve our QHSE Management Systems through regular audits and inspection, and ensure its implementation.
- Maintaining CGD network integrity in an ongoing and auditable manner.
- Institutionalize practices for sustainable development, pollution prevention, waste avoidance and prevention of injury & ill health.
- Enhancing the competencies and commitment of employees through suitable training programs, involvement, and motivation.
- Demonstrating visible leadership at all levels, leaders demonstrate their personal commitment to QHSE to promote Principle of Prevention through consideration of HSE in all decisions.
- Proactively report all incidents, investigate root causes and ensure lessons learnt are shared and deployed across the Business.

Adani Total Gas Limited (ATGL)

This version supersedes all previous versions with a lesser version number

- Setting QHSE objective and targets, monitor progress and continually improve performance.
- Include QHSE performance in the appraisal of staff, evaluation of contractors and rewards accordingly.
- Promote consultation & participation from workers & worker representative in decision making whenever required.

We shall make this policy available to all our stakeholders.

I trust each & every one of you will share the responsibility in implementing a sound QHSE policy and lead by example at all times.

For Adani Total Gas Limited.
